WORK EXPERIENCE

Ohio State University | Columbus, OH

Jan. 2026 - Present

Student IT Analyst

- Provided Tier-1 IT support to students, faculty, and staff via phone and email, resolving issues related to accounts, MFA, passwords, and general technical troubleshooting
- Diagnosed and documented hardware, software, and network-related issues, escalating complex cases through the dispatch queue as needed
- Communicated technical solutions clearly and professionally to users with varying levels of technical experience

Sam's Club | Brooklyn, OH

Jan. 2023 - Aug. 2025

Member Assist & Freezer/Cooler/Deli Associate

- Maintained inventory accuracy, rotated stock, and ensured compliance with food safety standards
- Delivered high quality customer support, ensuring efficient service and satisfaction.

PROJECTS

Ray Tracer | Personal Project

Oct. 2025

- Designed and implemented a CPU-based ray tracer in C++, featuring custom vector and matrix math, per-pixel ray casting, and physically inspired diffuse, reflective, and refractive material models to produce realistic rendered images.

Portfolio Website | Personal Project

Oct. 2025

- Developed and deployed a responsive personal portfolio website using HTML/CSS, hosted on GitHub Pages, to professionally present technical projects and coursework

ACTIVITIES

- Involved in various student organizations: Albanian Club at OSU, Slavic and Balkan Student Association at OSU
- Cleveland State University President's List recipient
- Earned college credit through AP and dual-enrollment courses in Math, History, and English in high-school
- Technical certification through Polaris Technical School PLTW program
